Group Instruction

Group Instruction is available to every Full Skating Member of the Club at no additional charge. Be sure to read the information that follows, especially regarding the area of skating that interests you. Members of all ages and abilities are encouraged to take advantage of these classes.

The Club offers a Power Skating class on Sunday afternoon between 1:55 p.m. and 2:50 p.m. for skaters of all ages and abilities. The Power Skating session is designed for both the Figure and Hockey skater.

Family Skating

Family Sessions are open to all Full Skating Club Members and are held Saturday afternoon at 12:40 p.m. and Sunday afternoon at 2:50 p.m. These sessions are for the FAMILY, no age restrictions, no ability levels, just a great time for the family to skate together and enjoy our facility. Participants are reminded to please adhere to our skating rules for the safety of all skaters.

Recreational Skating

For Juniors (under 18 years of age)

Preschool Sessions are for all children below kindergarten. Sessions are held every Monday and Thursday afternoon at 12:45 p.m. Children are encouraged to skate both days. It is strongly recommended that an adult accompany a preschool child. Free group instruction will be given on both days.

Basic Skills Sessions (Kindergarten and up)

Basic Skills Sessions (kindergarten and up) are designed for all beginner children to learn the basic skills needed by Figure, Synchro and Hockey skaters. For Club Members Only – The sessions are offered: Friday 4:35 p.m. – 5:20 p.m., Sunday 1:55 p.m. – 2:50 p.m. The Sunday session is power skating and technical lessons. The skaters are evaluated and placed in appropriate levels. They are awarded helmet decals upon completion of each level.

Saturday 11:45 am – 12:40 pm is for children between the ages of 4 and 10 who are either Members or Guests (Public): These sessions are Low Basic Skills (children working on USFS Basic Skills Level 1 – 4). Children are welcome to skate all days of their designated ice time and will have a group lesson on at least one designated day. Consistent attendance during lessons is strongly encouraged so that children can progress to testing for the next Basic Skills Level.

For Adult/Senior Skaters (18 years of age and older)

Any session designated as Senior Skating in the Daily Sessions Schedule is open to all skating members 18 years of age and older and can be utilized for freestyle, dancing, lessons, or skills practice. To begin skating, ice dancing, or to brush up on basics, please feel free to utilize the Sunday Senior Figure Sessions, which include a free group lesson, followed by an hour of practice time. Classes include basic skating, stroking, and preliminary dance instruction.

Freestyle is not permitted during Family Sessions.

Figure Skating & Ice Dancing

Moves in the Field (MIF)/Freestyle Sessions are for practicing USFS moves in the field, freestyle and dance. Skaters must have passed Basic Skills level 8 in order to participate in these sessions. All skaters participating in these sessions must adhere to the MIF/Freestyle guidelines posted at the Club. Private lessons with Club Professionals are conducted at these sessions. If freestyle sessions become crowded, these sessions may be leveled (High/General/Low) for safety.

Junior figure skaters are permitted to attend certain Senior Sessions, subject to the approval of the Senior Sessions Chair.

Philadelphia Symmetry Synchronized Skating Teams: Synchronized Skating is the fastest growing discipline in figure skating and is on its way to becoming a recognized NCAA sport, opening the door to college scholarships. Presently, WSC's Philadelphia Symmetry has three teams, with skaters ranging in age from 6 – 18 years old. Ashleigh Renard is the Director of Synchronized Skating for WSC. WSC also has an "Intro to Synchro" program allowing both member and non-member skaters of all ages and ability level to try out this exciting and evolving team sport during Friday evening Guest Member class time. Please check out the Synchro information on the Club's Website www.wissskating.com.

NOTE: Families with more than one person participating in Synchro Team, Junior Hockey, and/or Senior Hockey will be charged a participation fee for each additional person. See note under Membership and Dues.

Private Instruction

The Club Professionals are available for private instruction during the season. The rates are for **half-hour private lessons** - shorter lesson periods may be arranged. Arrangements are made directly with the Professional of your choice.

The list of the Club Professionals and their hourly rates is located under the "About Us" tab on our Website (www.wissskating.com). Click on "Our instructors" for their specialties, certifications and hourly rates.

Pro Shop

The WSC Pro Shop is run for the primary benefit of our Club Members. Every year we make an effort to expand our variety of products and will "special order" what we do not stock. We offer a 10% discount on all special orders. Your patronage supports WSC activities.

The Pro Shop is open daily, evenings and weekends. Full service repairs are available on equipment and skates, as well as professional sharpening of figure and hockey skates.

As a courtesy to Club Members, Pro Shop purchases may be charged to your account. A statement reflecting monthly purchases will be mailed the first of each month and payment is expected before the end of that month. If payment has not been received by the 60th day, a member's name will be posted and membership privileges will be suspended.

The Pro Shop offers the Skate Lease program to help defray members' equipment costs. Under the Skate Lease Program, children's skates are leased for one year at a competitive rate and may be exchanged for a larger size as necessary. We lease skates up to Adult Size 4.

Junior Boys and Girls Hockey Program (available for players ages 5 through 18)

Team evaluations take place in the spring. Teams practice independently at their discretion during summer months. Practice and game slots will be allotted to all teams following Labor Day. Age classifications for the 2012-2013 Season are as follows:

Mite Level	2004 and younger
Squirt Level	2002 and 2003
Pee Wee Level	2000 and 2001
Bantam Level	1998 and 1999
Midget Level	1994 and 1997

Teams projected for the 2012-2013 season are: Mite A, Mite B, Mite C, Squirt A, Squirt B Red & White, Squirt C, Pee Wee AA, Pee Wee B, Bantam A, Bantam B, Midget U16A and Midget U18A.

Hockey players must pass Basic Level 5 in order to qualify for a Squirt A team.

During our spring evaluations, players are rostered to a team and level that is appropriate to the player's age and skill. However, for reasons of safety, each player must pass individual skating skills assessment appropriate to his/her team level prior to their permitted play in competitive games.

Senior Hockey (19 years of age and older)

Open to all members, space permitting. We offer the opportunity to participate in both informal scrimmages and competitive hockey games at the A, B, C, Novice, and Old Timers (over 40) level. Eligibility to play on any Senior Team will be based on: availability of player slots, ability level, willingness to attend away games, and approval of the Senior Hockey Committee and team captains. All team players will be required to abide by Senior Hockey Committee rules regarding protective equipment and behavior.

Team jerseys are mandatory and are available in the WSC Pro Shop. All senior team game schedules will be available through the Senior Hockey Committee. Senior Hockey may require additional fees for insurance.

Family Hockey

Open to all Full Skating Members and their children through age 13. **No guests permitted.** This is a low-key, fun session and is intended to encourage family involvement. This session is especially appealing to young people interested in learning to play hockey. Helmets, gloves, shin pads and elbow pads are mandatory in order to participate in these sessions. Children are required to wear full equipment if they participate in informal scrimmages.

Learn to Play Hockey

The Wissahickon Skating Club, along with its Junior Hockey program, is dedicated to hockey skill development. Our Learn to Play Hockey Program is designed to introduce beginners (members and non-members alike) to basic hockey skills. Our program teaches players about team effort; to develop self-confidence; and to experience a sense of personal achievement in a fun environment. Although the main emphasis is on fun and basic hockey skill development, it also allows players: (a) to learn the basic skills required to play the game of hockey; (b) to develop an understanding of basic teamwork through participation in a variety of activities and game situations; (c) to be introduced to the concept of cooperation and fair play. It is a feeder program and first step for those players wishing to participate in our Junior Hockey Program.

NOTE: Families with more than one person participating in Synchro Team, Junior Hockey, and/or Senior Hockey will be charged a participation fee for each additional person. See note under Membership and Dues.

General Information Regarding the Junior Hockey Program

1. Games will be scheduled for each team based on the level of play. Teams will practice 1 or 2 times per week depending on the level and availability of ice. Players and families should be committed to attending all practices and games in a timely manner. Where lateness or absence is unavoidable, notifying the coaches and/or team manager as soon as possible is essential.
2. Each player is required to have a white helmet, WSC blue shell and home and away socks. Team jerseys are property of WSC and will be issued and collected each season. Proper care is the player and family's responsibility.
3. Every player is required to wear full H.E.C.C. protective equipment at all practices and games. Check in at the WSC Pro Shop to be sure of proper size and fit. Beginning players should be fitted for skates in the WSC Pro Shop. The Lease program is available for hockey skates through the WSC Pro Shop.
4. Parents are encouraged to assist with car-pooling, providing refreshments, etc. The Junior Hockey Committee requests the participation of anyone interested in organizing and formulating the junior hockey programs seasonal activities and teams.

Skating Rules
